Ordinance No. 545

- (1) The purpose of authorizing issuance of temporary Trailer Permit is to allow contractors, construction crews and the like to park Large Vehicles, Truck Trailers, Trailers, garbage dumpsters and/or storage pods for use connected to the work being performed at a residence. The Borough recognizes that under certain circumstances, it may permit contractors to park a vehicle, trailer, etc., on a street directly in front of (or on the side of the property if it is a corner lot) the residence requiring them, provided that the following requirements are met:
- a. Application is made to the Borough office stating: (1) the reason for requesting the parking of a large vehicle, trailer, etc. on the street; (2) the location of the placement of the Construction Trailer; (3) the period of time it will be on the street; and (4) a description of the truck, trailer, dumpster, etc. The Borough reserves the right, in its sole discretion to deny a permit if the location is deemed to be hazardous or unsafe or if it believes the request is not necessary.
 - b. A fee set forth by Council resolution shall be paid upon application to the Borough.
 - c. None of the items shall exceed eight (8) feet in width or take up more than one parking space.
 - d. Any item shall have reflective material on the end that faces the direction of traffic and shall have at least one orange marker cone positioned at the corner facing the direction of traffic.
- (2) No item that is permitted shall remain more than 30 days without permit renewal. This section does not apply to items that may be placed on private property in the rear yard area. The Borough reserves the right to revoke the permit when, in the sole opinion of the Borough, the permit is being misused by the applicant.
